Education

M.S - Cybersecurity - Western Michigan University, Kalamazoo, MI, Jan 2025 - Current

B.S. & B.A. - Business Administration - Information Systems Management, Wayne State University, Detroit, MI, May 2024

A.S. - Computer Science and Information Systems, Salt Lake Community College, Salt Lake City, UT, May 2018

Employment History

IHA/Trinity Health – Contingent Full-Time
Field Service Engineer II
Ann Arbor, MI
August 2023 – Present

- Provide on-site technical support across multiple locations throughout the Metro Detroit area. Diagnose and resolve complex technical issues using strong troubleshooting skills and in-depth product knowledge.
- Program and configure computers to meet client-specific requirements, including software installation and system updates, improving operational efficiency, reducing manual intervention, and ensuring seamless functionality and adherence to project specifications.
- Diagnose network connectivity issues, implement solutions, and optimize network performance to ensure seamless system operation.
-

EY Technology (Ernst & Young) - Contract
IT Support Lead
Salt Lake City, UT

January 2022 – February 2023

- Managed all daily on-site IT operations at the Salt Lake City office, including hardware maintenance, installations, user support, and inventory control for company IT assets.
- Traveled to multiple cities, including Los Angeles, Las Vegas, Portland, Denver, San Francisco, Chicago, Minneapolis, Dallas, and San Antonio, to provide on-site IT support to various offices.
- Resolved and finalized incident and service request tickets in ServiceNow for technical issues and requests submitted by staff. Troubleshot technical and procedural issues to maintain productivity.
- Communicated technical information clearly to non-technical employees.
- Mentored and trained junior staff and end users in troubleshooting complex PC issues and system processes.

Logicalis – Full-Time
Technical Support Specialist II
Bloomfield Hills, MI

December 2019 – January 2022

- Managed multiple Tier 2 case queues, including incident tracking, service account management, Oracle and procurement requests, and email and voicemail administration.
- Provided support for remotely hosted applications and remote access tools, including Azure Virtual Desktop, including Azure Virtual Desktop, Microsoft Remote Desktop, RDP, Citrix Virtual Apps and Desktops, and BeyondTrust (Bomgar) Remote Support.
- Administered user accounts using tools such as Active Directory, Azure, Citrix, and Workspace ONE. Managed customer interactions effectively while setting realistic customer expectations.

Dominos Corporation - Contract
Systems Analyst
Ann Arbor, MI

July 2019 – December 2019 (Project)

- Executed a data migration plan to migrate systems from Windows Server 2012 to Windows Server 2016. Established network infrastructure for remote locations and ensured successful conversions were completed before regular business hours.
- Managed data extraction, mapping, and conversion efforts, completing 352 system conversions over the course of the project. Provided post-development support for new project rollouts and software release deployments, including on-site implementation assistance.
- Collaborated with store proprietors to ensure data backup and recovery while verifying the proper operation of printers, scanners, and labeling equipment.

Unisys Corporation - Contract
Technical Support Specialist I
Salt Lake City, UT

July 2018 – December 2018

- Provided technical support to customers and staff, including hardware implementation, network access support, system and service support, incident resolution, and escalation handling.
- Configured, deployed, and supported Windows, Mac, and Microsoft Surface Pro devices, ensuring seamless integration with enterprise applications and user environments.
- Provided comprehensive support for hardware and software configuration issues across remote sites and fleet equipment, including workstations, kiosks, and other site-specific systems.

United States Army
Section Chief, SSG (E-6)
Fort Bragg, Fort Wainwright, OIF

August 2005 – July 2015

- Led and supervised more than 210 soldiers during active-duty service. Completed multiple leadership training courses and received two Good Conduct Medals. Analyzed operational data and provided guidance to teams to support mission objectives. Maintained accountability for equipment valued at more than \$10 million, including sensitive items. Trained and directed team members in procedures and techniques to ensure compliance with safety regulations.
